THE

CHICAGO DANFORD

STEAM

Generator Company

Are now engaged in the manufacture of the Danford Steam Generator, which has the following advantages over the ordinary boiler:

1. The Generator is divided into sections, which can be taken through any ordinary doorway.
2. It weighs one-half less than the boiler of equal capacity.
3. It requires one-half less room for setting.
4. It requires one-half less fuel to generate steam.
5. The Generator is 25 per cent more powerful than the boiler of equal capacity.
6. The Generator is 25 per cent more economical than the boiler of equal capacity.
7. It is impossible for the Generator to explode, as it will not stand the pressure required to explode it.
8. It is impossible for the Generator to burn out, as it will not stand the pressure required to burn out.
9. It requires less than one-half the amount of water to generate steam that is required by the boiler of equal capacity.

SAFETY FILM

BUSINESS NOTICES.

The Reason Why.—Some of the leading Dry Goods and Fancy Houses in Chicago, because they do not employ, in all cases where it is necessary, the services of a Drayman, perfectly safe in their calculations at all times.

Because they get promptly in receiving all goods purchased, and can therefore offer inducements to their customers not to be found elsewhere.

Because they are constantly in receipt of new goods, and can therefore, by getting directly on the important markets of purchase, keep their stocks always fresh and complete.

Because in taking them they do not interfere with the business of others, and are thus enabled to do business economically.

Because they are made both with and without large platforms, thus adapting them to the use of every merchant.

Because they belong exclusively to the parties who purchase them, and are therefore always ready for use, and not liable to be called off to attend to other people.

Because they are operated by skilled men, who are perfectly responsible for any damage done to goods while in their charge.

Because they are perfectly careful in their operations, and will not run over children, or break down every pay shower in getting out of the way.

Because they are the only Drays that ever belonged to Chicago.

Because they can be purchased at the very lowest figures, and are sold on the most favorable terms of payment.

Because they are the only Drays ever offered for sale by all druggists.

Wonderful Information.—Some time ago we published an article which we had taken from another paper, giving the wonderful information that the Creator of the Universe had revealed to a certain Mrs. Girdner, of Cincinnati, the very worst of twilight controversy shall allege that Gen. Grant, or Andrew Johnson, or Wade Hampton, or any other of the great leaders, is a "child of the devil," as Mrs. Girdner declares, we shall not be responsible for it. We published the article, as we have published many others, because we thought it would be interesting to our readers, and we left them to form their own opinions of its truthfulness. Mrs. Girdner has written us a letter, in which she says that she has been misrepresented, and that she never made the statements attributed to her. She says that she has been misrepresented, and that she never made the statements attributed to her. She says that she has been misrepresented, and that she never made the statements attributed to her. She
